Tempstar® Air Conditioners And Heat Pumps

Tempstar® professionals take pride in bringing you the latest technology in home comfort, with the goal of surpassing your expectations in energy efficiency and dependability. Tempstar air conditioners and heat pumps deliver SEER* and HSPF* ratings that make a difference in lowering energy bills, compared to an older 10 SEER unit. So you can enjoy peace of mind with your peace and quiet.

*SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

Air Conditioners

13 & Up To 16 SEER▼

- Scroll compressor for quiet, efficient operation
- Post-painted coil fins for corrosion resistance
- Environmentally sound R410A refrigerant
- 10 year parts limited warranty upon timely registration*

▼ 16 SEER rating when paired with select indoor equipment.

R410A is an EPA-approved, environmentally sound refrigerant.

Air Conditioner

SEER vs. Cooling Cost Savings

Percentage based on national averages at 10 SEER; may vary according to efficiency of current unit and installation.

- 1 Durable galvanized steel construction with baked-on paint finish weathers seasonal extremes.
- 2 Post-painted fin stock and coated wire grille provide better appearance. The grille spacing protects the coil but allows for easy cleaning.
- 3 Scroll compressor operates with proven efficiency and reliability.
- 4 Control panel allows for easier, quicker service access.

Heat Pumps

13, 14 & 15 SEER

- Scroll compressor for quiet, efficient operation
- Solid state control with time-temperature defrost
- Environmentally sound R410A refrigerant
- 10 year parts limited warranty upon timely registration*

All Together Now

Match your Tempstar air conditioner with a Tempstar furnace. Your dealer can design a complete system that fits your home's requirements and your weather zone from the variety of sizes, capacities, and efficiencies available.

When you have a new unit or system installed, it's worthwhile considering Indoor Air Quality products that can cut down pollutants and enhance your comfort. Ask your dealer about air filters, humidifiers, and set-back thermostats.

Air Conditioner

Heat Pump

- 5 Compressor is housed in an extra-thick shell for added protection and durability.
- 6 Top-discharge design improves airflow and minimizes noise.
- 7 Durable copper tubing, aluminum fin coil, and fins that are post-painted for protection help maintain efficiency.
- 8 Integrated solid state controls make the change from heating to cooling go smoothly. *(Heat pump only)*

Excellent Warranties Take The Worry Out

Tempstar units are backed by exceptional warranties. You get a 10 year parts limited warranty upon timely registration.*

*Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

* Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® criteria. Ask your contractor for details or visit www.energystar.gov.

† For information regarding furnace or fan coil options that can increase the energy efficiency of selected 13 and 14 SEER Tempstar air conditioners (SEER) and heat pumps (SEER and HSPF), go to Tempstar.com and look for “Energy Savings” on the menu.

‡ Timely registration required for 10 year parts limited warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

†† 16 SEER rating when paired with select indoor equipment.

All systems tested and listed by the appropriate agencies.
